

Database High Availability

For your peace of mind.

Availability of your data is increasingly measured in dollars today in addition to time and convenience. Oracle 9i is designed to address the causes of unplanned and planned downtime. Oracle Data Guard yields higher availability for your applications and data. Let Annams help you with laying a solid foundation for the high availability needs of your data.

High Availability Services

Duration

- 5 days

Cost

- \$6,000

Deliverables/Scope

1. Install Oracle Data Guard
2. Help your DBA and System Administrator with basic understanding of how to install, administer, and maintain Data Guard
