RapidExec Financials

RapidExec Financials, a comprehensive, feature-rich implementation service, is designed to deliver a complete Financials automation system that enables financial management and budgeting throughout your enterprise.

Leveraging the power of the Oracle Financials application, this offering allows your company to capitalize on global opportunities with an integrated solution that enables consolidation of financial information across multiple entities.

This offering drives enterprise profitability and enables your company to build a smarter business by strategically managing cash and treasury operations, property and real estate holdings, and tax planning. What's more, by using the RapidExec approach focusing on enabling a core set of features, this offering is designed to deliver an operational system in 30 business days or less.

RapidExec Financials Services

RapidExec Financials is a fixed-scope, fixed-price offering that includes General Ledger, Payables, Assets, Purchasing, Cash Management and Receivables. It excludes customization, migration from legacy applications and integration with other product systems.

Duration

- 30 days

Cost

- \$75,000
